# CONSTRUCTION

## ABOUT US

GG Calgary is a diversified landscape construction and maintenance team with the capability of handling large and skilled projects to smaller commercial builds.

We have had the pleasure of working with a number of great companies all of whom are repeat clients due to our professional approach and timely completion of their requests.

Our happy clientele within Alberta and neighboring provinces include:

**DEDICATED.  
EXPERIENCED.  
PROFESSIONAL.**

## OUR MISSION

We strive to exceed our customers' expectations by providing you with exceptional and professional service. Our team is dedicated to complete all projects, on time within budget, and to your satisfaction. We are not happy until you are. Our goal is to be the company you choose over and over again for all of your future projects and maintenance needs, because we are the partners you can trust.

## WHAT WE OFFER

- ✓ Dedicated team with a 24 hour call center.
- ✓ Fast, accurate and detailed estimates.
- ✓ Friendly, uniformed staff that adhere to your company policies and safety regulations.
- ✓ Landscape maintenance programs at competitive rates.
- ✓ Top of the line training ensures you will be 100% satisfied.

# WHAT WE DO

- ✓ Commercial and residential landscaping
- ✓ Commercial and residential construction
- ✓ Commercial and residential irrigation installation
- ✓ Commercial and residential landscape maintenance
- ✓ General labour services and contracting
- ✓ Experienced fire, flood and water restoration technicians
- ✓ Hot shot services

## WE TAKE CARE OF YOUR STAFFING NEEDS

General and skilled labour for all site requirements is unique service we offer. No more dealing with staffing agencies.

Competitive rates and team members dedicated to your site makes our service incomparable to others. Our crews will know your site needs and requirement which means no constant retraining and that translates into increased productivity.

## FIRE OR FLOOD DAMAGE?

It is nice to know that in the event of an emergency, help is close by. Our company has excellent credentials.

We offer a wide range of staffing, including Certified Water Restoration Technicians, Supervisors, Skilled Laborers and General Laborers who are trained in the following areas:

- Smoke & Ash Remediation
- Carpet & Content Cleaning
- Pressure Washing & Hot Pressure Washing
- Full Consumable Tracking and Inventorying
- Water & Mold Remediation
- Demolition & Rebuild of Water Damaged Structures

Our experienced staff was involved with the remediation project in the Fort McMurray Wildfires in 2016 as well as the Calgary Zoo Flooding in 2013.

Our focus is to have a sense of normality returned to those affected by disasters in the quickest time possible with the professionalism expected and required.

Our company comes highly recommended and we can provide you references from our extensive list of satisfied customers.

Our friendly, professional team is always available to answer your questions or provide you with a free, no obligation quote. Please contact us.

# CONSTRUCTION

# EXTERIORS

## ABOUT US

Our purpose is to serve property owners when you need top quality exterior renovations, repairs and remediation of damages. We serve owners by doing quality work on any exterior area of your property efficiently and we stand behind our work so you can have confidence in selecting us as your contractor.

Several insurance companies have given us approved contractor status because of our integrity and workmanship. If you have a property claim we understand how the process works. By using GG Calgary Exteriors you will have peace of mind knowing your home or commercial property will be repaired and remediated efficiently and to your satisfaction.

## VISION & ETHICS

GG Calgary is a team based organization that prides itself on the way we treat our customers and teammates. Since conception, our positive culture has been the key driver to our success. We do so by treating everyone and everything with respect, it allows this culture to thrive inside and outside the organization.

## SAFETY

Our commitment to safety is always front of mind. Some of the ways we do this:

Our "Safety Matters Forum" which is an open, unbiased company wide forum that provides an outlet for all team members to communicate their first hand experiences with this like safety compliance issues, near misses, safety knowledge, safety resource links and more.

Internal safety audits on equipment and vehicle function, in depth daily safety huddles, safety CSTS-09 training for every employee is standard and premium PPE is provided. It is our duty to keep ourselves and everyone around us safe.

# ELECTRICAL

RESIDENTIAL AND COMMERCIAL ELECTRICAL SERVICES

## ABOUT US

GG Calgary Inc. is an electrical service company based in Calgary, specializing in electrical installations, service, CCTV, intrusion, access control and smart home/office technologies. With expertise in both residential and commercial, our service area currently consists of Calgary, Edmonton, Vancouver and surrounding areas.

Our main focus is on servicing people, quality of workmanship and being efficient from beginning to end. We ensure a consistent, on time on budget approach to project management using skilled professionals.

## VISION & ETHICS

GG Calgary is a team based organization that prides itself on the way we treat our customers and teammates. Since conception, our positive culture has been the key driver to our success. We do so by treating everyone and everything with respect, it allows this culture to thrive inside and outside the organization.

## SAFETY

Our commitment to safety is always front of mind. Some of the ways we do this:

Our "Safety Matters Forum" which is an open, unbiased company wide forum that provides an outlet for all team members to communicate their first hand experiences with this like safety compliance issues, near misses, safety knowledge, safety resource links and more.

Internal safety audits on equipment and vehicle function, in depth daily safety huddles, safety CSTS-09 training for every employee is standard and premium PPE is provided. It is our duty to keep ourselves and everyone around us safe.

## OUR EXPERIENCE

GG Calgary has completed several single family, multifamily, retail and large commercial projects including:

- The Telus Communications Office Upgrades (BC/ AB)
- Thompson Rivers University Residences
- The Correctional Services of Canada upgrades (BC/ AB)
- Kal-Tire
- Children's Hospital Parkade Phase #2
- Teck Coal offices (BC)
- Boardwalk Apartments
- Mainstreet Corp
- Alberta Infrastructure.

Our teams are certified in CSTS-09, Whimis, First Aid, Fall arrest and Aerial Lift training. Our Electricians are Red Seal and our Low Voltage Technicians in BC have their FSR, SST and TQ certification. We use state of the art equipment to ensure we have little to zero down time while on the job.

We provide in-house training programs to ensure a standard of quality, such as "GG - Low Voltage Basics", "GG - Surveillance" and "GG - Access Control".

# ELECTRICAL SERVICES

## RESIDENTIAL

Everything from small lighting upgrades to full home construction projects, we provide expert electrical services for your residential property.

- ✓ LED Lighting upgrades
- ✓ Network & access control cable pre-wiring projects.
- ✓ Deicing

GG Calgary Inc. has over 15 years combined service industry experience in Calgary and surrounding areas. The company strives to create strong committed business relationships to ensure the success and future growth of its partners. From small to large scale projects, GG Calgary approaches every project with the same enthusiasm and professionalism to ensure high quality services are always provided.

# MAINTENANCE

## ABOUT US

GG Calgary, a dedicated group of passionate horticultural owners, talented technicians in a variety of skills, and results driven managers in each company department. Commitment to financially sound and timely completion of your goals is our guarantee.

## OUR VALUES

Our team practices CARE! We put the needs of our Customers first by bringing our positive, knowledgeable Attitude, and by treating your requests and team with respect. We not only value our CARE code, we enjoy seeing the results it brings to your plate.

## OUR VISION

The GG Calgary team builds their vision on exceptional completion of your dreams. Our vision is to show, not just speak of our skill and work ethic.

## OUR MISSION

We exceed expectations while completing your vision with an exceptional team who thrive on our positive culture. Education and communication are keys to success and we engage in both daily with our crews and our clients to ensure our best foot is always forward.

## OUR PROMISES

Polished and maintained crew vehicles.

Friendly, knowledgeable and uniformed team members.

Three hour call back guarantee.

State of the art equipment, maintained daily.

Quality control reports delivered monthly.

## WHAT WE DO

COMMERCIAL GROUND CARE

LAWN MAINTENANCE

GARDEN CARE

TURF CARE

PRUNING

LANDSCAPE ENHANCEMENTS

COMPLETE IRRIGATION SERVICES

PARKING LOT MAINTENANCE

TREE AND SHRUB CARE

SNOW AND ICE REMOVAL

## CLIENT RELATIONS & CUSTOMER SERVICE

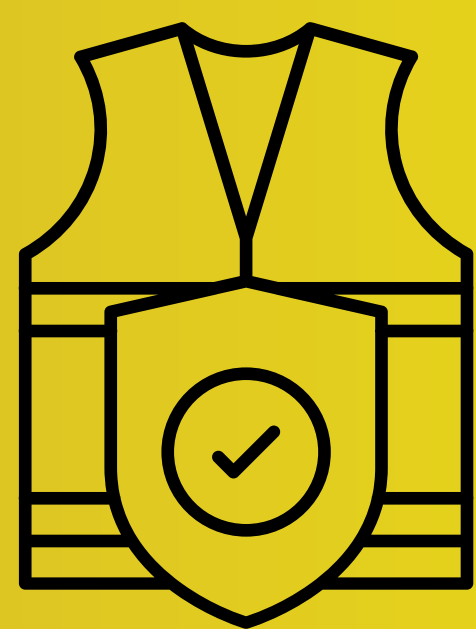

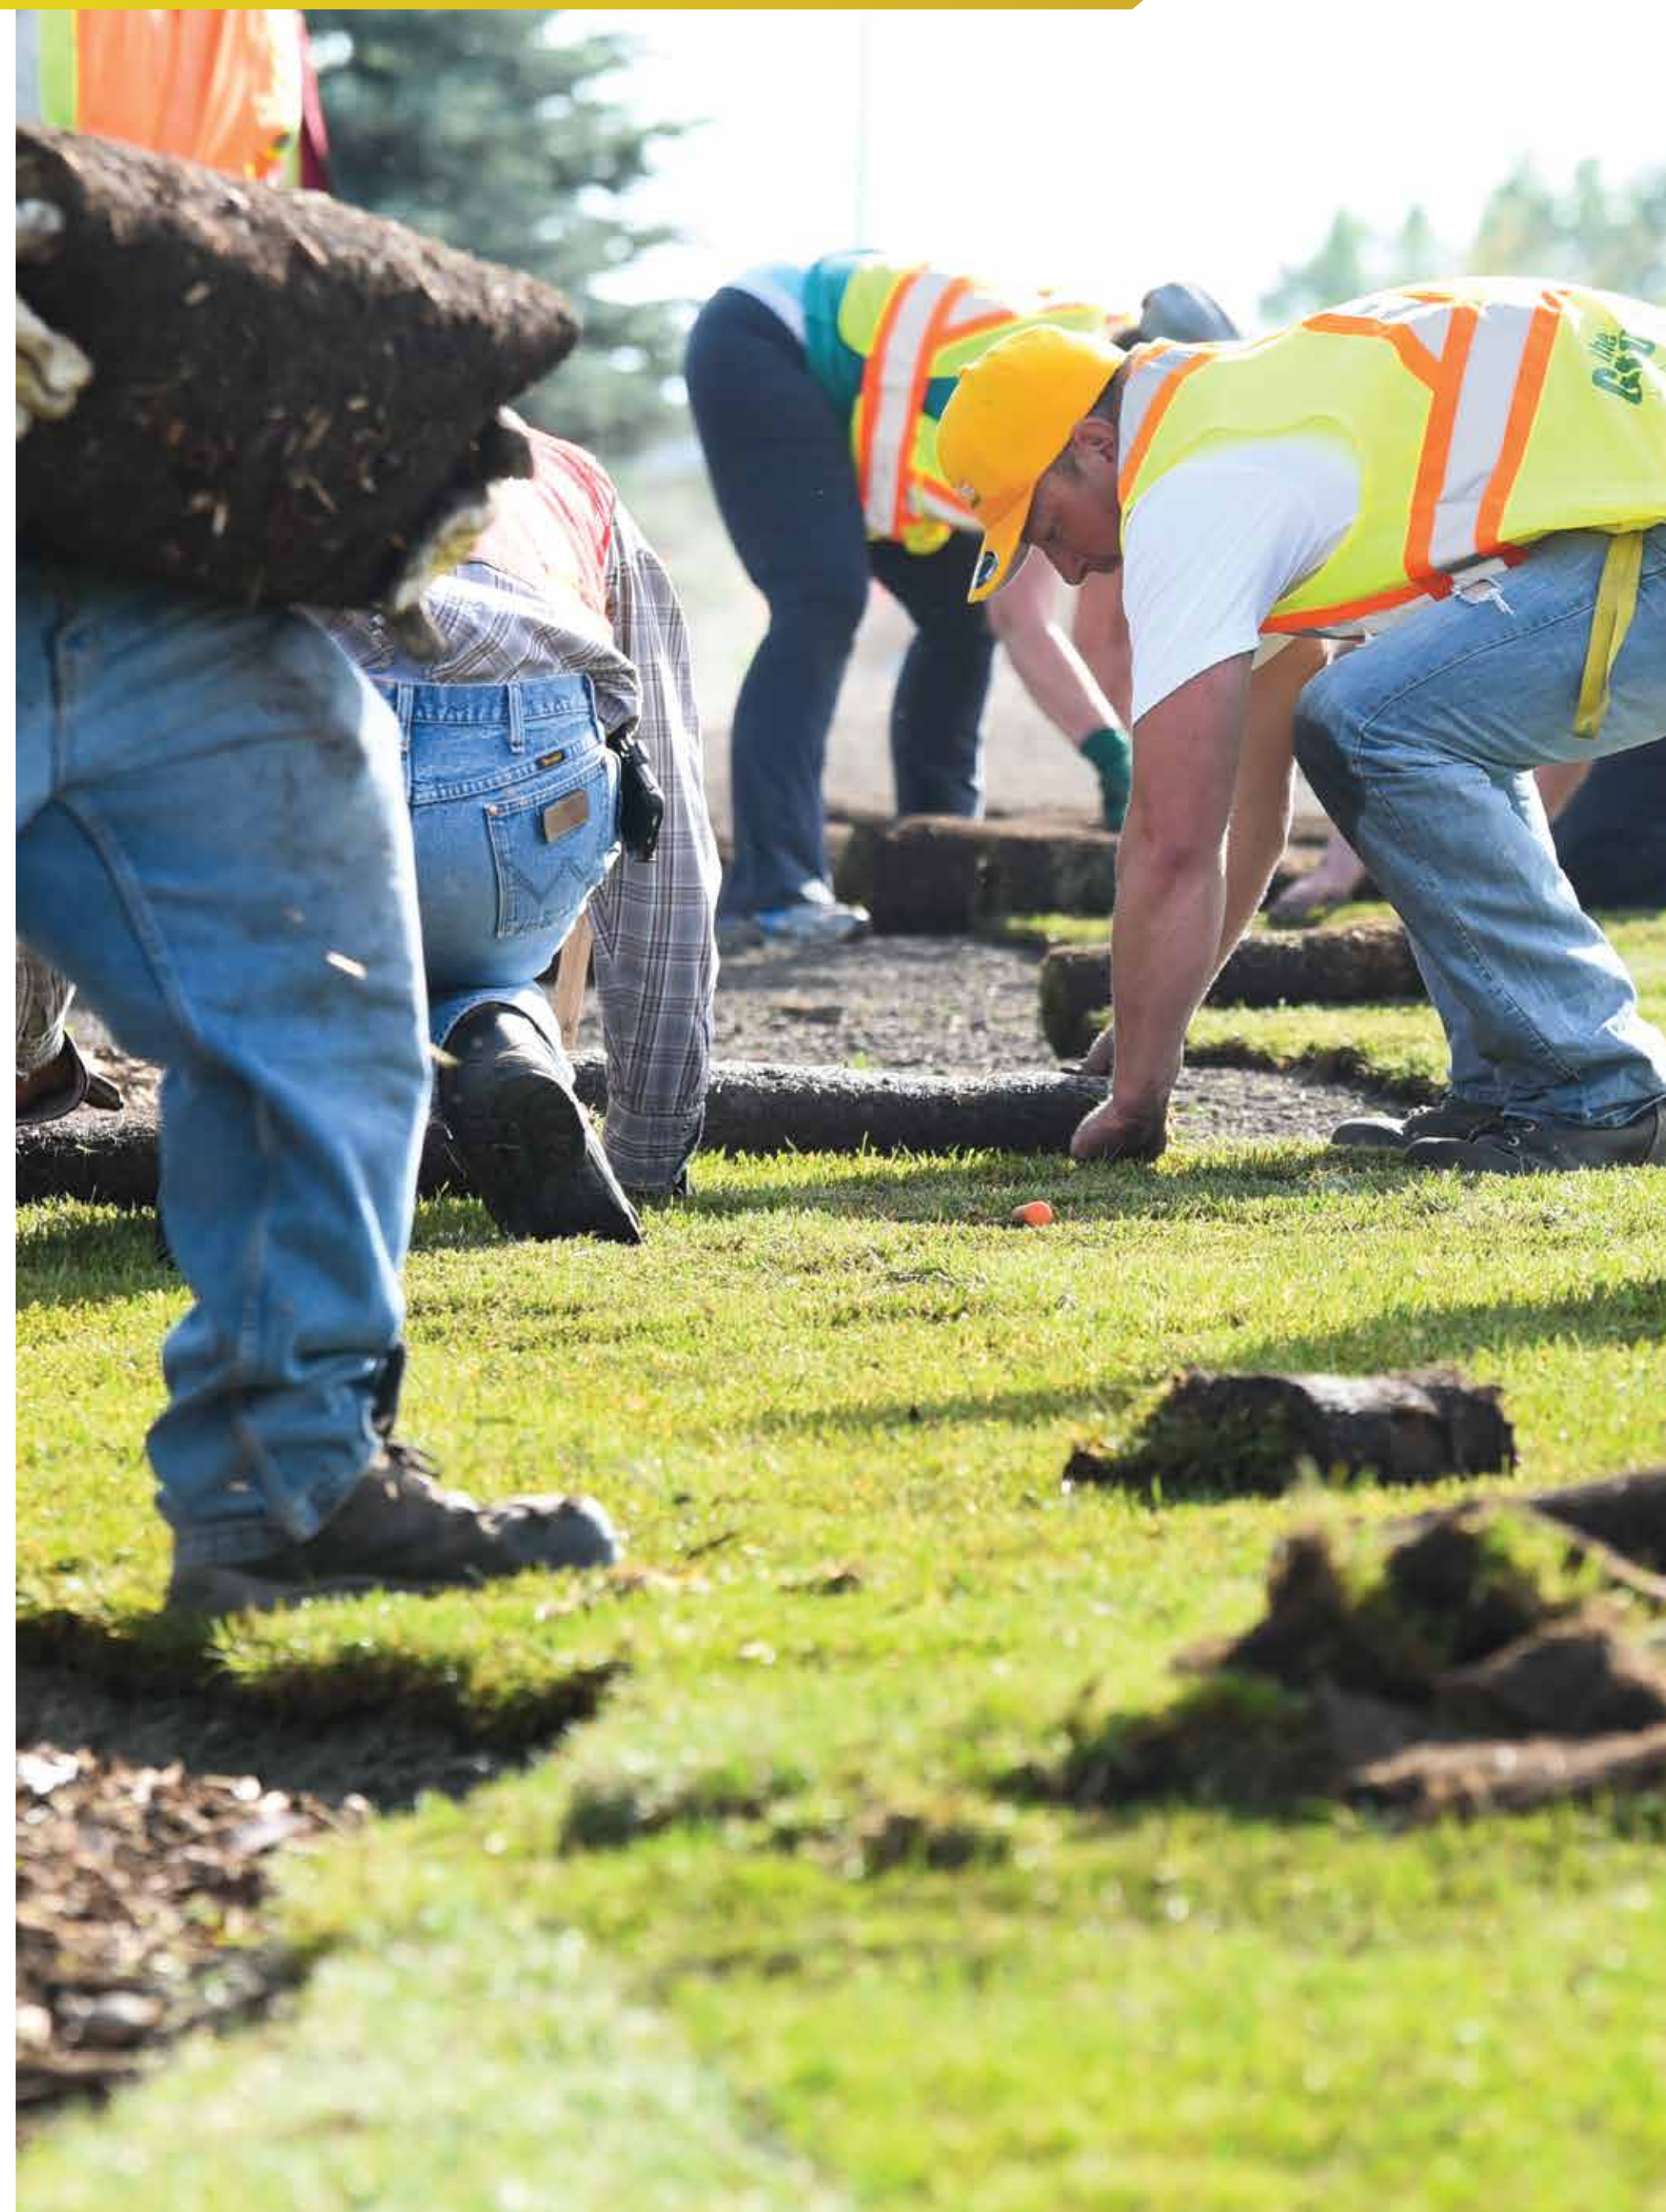

A strong and open line of communication with clients is one of the many ways trust is created with our team. We keep clients aware of our progress, we make suggestions to improve projects and any adjustments requested along the way we will quickly put into the work scope. Exceptional quality in a timely manner is crucial in any aspect of work and GG Maintenance goes beyond customer service to ensure both are impressively met.

## BUSINESS EXPERIENCE

For over twenty years, GG Calgary has had the great pleasure of working with small franchises to today's leading companies in their respective expertise. COVE Properties, NVR, Walmart Distribution Centres, Home Depot Distribution Warehouse and Strategic Group are just a few of the well known industry leading companies we happily still offer our services to today. No project is too large or too small for GG Maintenance as we put our years of experience behind any vision. If you can dream it, we can make it a reality!

## BONDING & INSURANCE

We care about the safety of your team as much we do our own. In the unlikely case that we are faced with unpredictability, we are bonded and insured up to \$10,000,000 per incident.

## SAFETY

GG Calgary is adamant in teaching safe use of equipment, safely carrying out tasks and watching out for yours as well as our team so that everyone returns home safely at the end of each day. Ongoing training, protective equipment and our open door policy assures each team member is educated in the work we assign them to and everyone feels at ease to clarify with a manager should they be unsure about a task.

## COMMERCIAL GROUNDS CARE

It is no secret that a positive first impression will do wonders for further business with ones' company. GG Calgary knows that first impression starts prior to entering through a company's door. An orderly, well manicured site conveys a respectable corporate image and creates a welcoming atmosphere. GG Calgary comprehensive commercial services help you simplify your property management and positively impact your bottom line with:

- ✓ Consistent and reliable service
- ✓ Value based and predictable maintenance costs
- ✓ Reduced time in overseeing your landscaping
- ✓ Eye catching outdoor designs
- ✓ Increased curb appeal

Our highly trained estimate team can accurately give financial details for any job, big or small. Meticulous planning ensures timely preparation, planting, treatment, maintenance and renewal to keep your grounds looking at its best all year round. We take pride in exceeding contractual obligations by alerting clients of potential onsite issues before they become problems.

## MAINTENANCE SERVICES

GG Calgary popular services include but are not limited to:

- ✓ Lawn maintenance
- ✓ Garden care
- ✓ Turf care
- ✓ Pruning
- ✓ Landscape enhancements
- ✓ Complete irrigation services
- ✓ Parking lot maintenance
- ✓ Tree and shrub care
- ✓ Snow & Ice removal/control

# MAINTENANCE

## ENVIRONMENTAL INITIATIVES

GG Calgary utilizes a professional biologist to help our team support as many green initiatives as possible. Here are some examples:

### **LEED CERTIFICATIONS & GREEN BUILDINGS**

Leadership in Energy and Environmental Design (LEED) aids in the development of green buildings and infrastructure, a concept that is being used to better our planet throughout North America. Our clients seek guidance from GG Maintenance to help them maintain LEED status. With research of the most innovative products and techniques in landscape, we show our clients how to build and maintain sustainable results within their projects.

### **WINTER SALT MANAGEMENT**

To minimize the potential impact over salting has on ground water in the winter time, GG Maintenance follow the best environmentally friendly industry practices. We pre-treat salt with liquid, organic de-icers that aid its beneficial factors. We measure dew points, asphalt temperatures and calibrate equipment to ensure the proper amount of salt is applied.

### **FUEL EFFICIENT FLEETS, EQUIPMENT & BIODIESEL**

By using a GPS-tracking system, GG Maintenance can monitor, and therefore improve fuel efficiency, track our team's routes and stay up to date with clients of our location. We also use less refined, higher grade fuels to reduce the impact emissions have on Carbon Footprint. The big picture, GG Maintenance seeks to reduce irreversible damage on the environment. The big picture, GG Maintenance seeks to reduce irreversible damage on the environment.

### **TREE PLANTING & NATURAL VEGETATION**

GG Maintenance supports local tree rehabilitation initiatives in order to help not just the vegetation state of certain areas, but also help animal populations that thrive on specific plants. We also search locally to use native plants on our sites, thus, reducing pest problems and supporting bee populations that has become a world wide concern.

# UNDERGROUND

Services include the cleaning, flushing and inspection of sanitary and storm lines for all types of residential subdivisions, commercial subdivisions, and public infrastructure projects. We can help with erosion and sediment control, landscape design, planning, management, installation of all related structures, underground pipeline maintenance, parking lot maintenance, snow removal, summer maintenance, video inspections, pond related work, lake projects, parking lot sweeping, street sweeping, concrete cutting, catch basic maintenance and all of your general contracting needs.

We're always here for you in an emergency. If a situation occurs, turn to us. We'll respond quickly and find a solution so you can rest easy.

## MEET THE 800-HPR TRUCK JETTER

80 gallons of water per minute through 215 metres of 1" piranha sewer hose at 2500psi.

Specially designed for use in cold weather climates.

The safest and most "user friendly" truck jet available.

High pressure jet system supplies power to clean sewers of sand, silt, grease, roots, concrete, plaster, paint, gravel, boulders, rodents, vermin and other accumulations of debris.

Hose reel is housed in the enclosed and heated rear compartment when not in use.

When in operation, the hose reel telescopes out of the rear compartment and is able to rotate/pivot 190 degrees for maximum access to the difficult to reach manholes.

The main components including the water pump, power system, hose reel, sewer hose, and associated plumbing are kept heated to eliminate the dangers of freezing. Freezing any part of the system can put operators in danger.

The rotating/pivoting hose reel helps operator to reach difficult to access manholes and also allows operator to remain "away" from dangerous traffic situations when in the jetting mode.

**WE OPERATE  
24 HOURS A DAY  
7 DAYS A WEEK  
365 DAYS A YEAR**

## EMERGENCY SERVICES

We offer the highest quality of emergency services! Anytime you have an emergency, we'll be there to help you solve your problems with our prompt, courteous and professional service. Call our emergency hotline 24/7/365

## WATER AND SEWER

Experienced operators for Pipeline cleaning, flushing and inspection of sanitary and storm lines for all types of residential subdivisions, commercial subdivisions, and public infrastructure projects. In addition to standard utility inspections, we also provide yearly and monthly pipeline maintenance that includes scheduled flushing of the entire development. This service is great before Construction Completion Certificate inspection (CCC) and also before Final Acceptance Certificate Inspection (FAC). Our services include the cleaning of the entire pipeline and removal of debris.
